## KAMO CLUB (Inc.) **President's Report**

I want to start off my report by thanking all the Board members for all the work they have put in this year. Thanks also to the management, staff and members who have been incredibly supportive to me during the last year.

We have had a bit of an up and down year again, but financially we are bouncing back. We are keeping on top of the breakdowns in the Club. which included the repairing and replacement of the air-conditioning units.

We have refurbished the kitchen to bring it up to health standards and have it fully functioning again.

Last year we saw the passing of our Patron, Allan McNabb, A new Patron will fill this position at our upcoming AGM.

Last year we sponsored, through the Youth Trust, five year 10 students from the Kamo High School to attend the Hillary Outdoor Pursuits Centre at Tongariro. That was a success, and we will be doing it again this year.

With the Chartered Society changing its Act, we have updated parts of our Constitution to comply with these requirements. The updates will continue until the Society informs us that we comply.

Regards

David Steele President

11.1.

## KAMO CLUB (Inc.) Manager's Report

It has been my first full year as Manager, and I have enjoyed it. My big hurdle was to get through filling in the gap of no caterers from August through to New Year's Eve with the ladies in kitchen doing a great job, thank you we survived it. Then there was a long-awaited revamp making the kitchen not only user friendly but up to compliance. New caterers came onboard in April and have fitted in well. We work well together, and more functions are being booked every week. A good kitchen with good caterers is a must to help the club grow. I would like to thank all the staff. Cleaners. driver's, office and bar staff they are equally important in the running of the Club and think we have the best. I appreciate your dedication and good service. I would also like to thank the Executive and Board the club have - They are a areat team.

We know we have ongoing maintenance issues that will take realistically another two years to catch up on. The TV's, electrical, air conditioning and plumbing are in progress, and we are seeing results. My theory on all our maintenance issues is to stick to the same contractors, by doing this they can slowly work through work done by past multiple contractors, and sort it out - it is a wiring nightmare all through the building. We are getting there. The roof is the next big job.

The Bar sales are growing, it's good to see new people coming in to enjoy the friendly environment. We need to encourage more members to use the club and welcome them. the bonus of this is new blood in the sections.

A saying that we are sharing and urging is, it's not 'What can I get out of the club' but, 'What can I give back to the club' this is an attitude we encourage.

Thank you for your support - onwards and upwards.

Frances (Fruity) Clark

Manager

## KAMO CLUB (Inc.) Treasurer's Report

Trading was strong up to Christmas 2023, then as always January and February were our quiet months. We made the decision to refurbish the Kitchen as we could not get a licence to operate it in its current condition. There were indications that we would not get a Bank Loan, so after much consideration we made the decision to finance the project ourselves. The project has been completed to a very high standard and that part of the Club is now future proofed. The Kitchen wasn't the only project in the Club and you will see a few little touches all around like the lounge chairs etc. We fought the ongoing battle with wiring, Sky TV connections, Security cameras and more. The team can be proud of the results.

If you go to the bottom line you might think "what's going on"? This year our investment properties were valued at less than the previous year. Under the reporting standards any gain or loss must be applied to the operating income and expenses. The good news is that if you were

to put aside that negative figure, you will see we made a operating surplus.

Again, the income from our investment properties played a big part in the Club's success.

In my opinion the Club has performed very well. We have managed to fund our own projects and this coming year we plan to build our reserves. We look forward to another very good year.

Thanks to Management, Staff, Board and Members.

John Nuttall Treasurer

## KAMO CLUB (Inc.) Board Meeting Attendances

Monthly Meetings June 2023 to May 2024 (12 meetings)

|            | Attended | Apologies | Absent |

#### **Youth Memberships**

Resolution: It was resolved that the Youth Membership remain the same for the next financial year. Moved Mike Hewer/ Madeleine Yovich

#### **Notices of Motions**

Disputes and Appeals
 Immediate Suspension
 Removal from Office
 Boards Powers and Duties
 Access to information
 Wording Change
 Carried
 Carried

David Steele spoke about beefing up Kamo Club Constitution to match Club Nz. Has gone from half a page to now 5 pages. Wording was mainly 1908 to 1922.

Moved John Nuttall/lain McQueen

#### **General Business**

Sylvia Arana: Asked if we were increasing the number of mobility/disability parks as at the current time we only had two and if we had visitors as well as our own members we fall short. David Steele replied that it had come up at a board meeting and at this time they were working on a place to put them.

Grantley Hall: Yes it was good to have a new stage but unfortunately was a bit low as anyone sitting in the back of the room cannot see people on stage. Also that our microphones only worked very spasmodically and was there perhaps a chance of an upgrade on the sound system as well. Another problem he thought was the hand dryers in the men's rooms were too high as they blow in your face and may be needed to be lowered to basin level. John Nuttall replied that the dryers in fact were supposed to be the ones where your hands are inserted into machine and installers put wrong one up. To fix them would be expensive as a bit of damage would have to be done unfortunately to walls to move them.

Steve Collins: Thanked David and board for fixing the curtains and the stage and light heartedly thought maybe the off cut from stage could used in men's toilets to reach hand dryer. Also that it was freezing cold down in the gambling area and a thank you to Fruity for her efforts and who was working at it to get it right. Also thank you to everyone for their efforts for the year.

Carl Browning: Asked if there was a clean up going to happen outside and that there were a lot of potholes out back, John Nutall replied we had contract with Robinsons asphalt since 2021 for fixing them but with the interruption of covid and the fact that the Bitumen used to come from refinery and is no longer available from there it now has to be sourced from somewhere else. The job will hopefully be completed in the next few months before Christmas. Cost is \$50,000 for which the money has been held back for and put aside.

Rolfe Yelavich: Asked about the door sweep draw on Monday and Thursday nights not making the club any money at all. He thought that maybe we should look at giving 10% to the club as the draw was often up to \$1000 so club would get \$100 which by the end of the year would soon add up. Would soon help pay for potholes. John Nuttall asked for a show of hands to gauge whether members would be open to this idea and there was a majority. However as Fruity pointed out it would need to be checked if in fact it was legal to do this. Going to be looked into. John also stated that in fact this was run as a way to give back to the members

Rolfe Yelavich; Also asked how long after renewal of new memberships cards were the old ones good for as he has still been using his old orange one since the green one was introduced. He did state, however, he did have to show his green card today for meeting. Fruity did reply that yes the whole

system needs upgrading but unfortunately we have other priorities at the moment, the roof was first on the list.

Morris Bourke: Commented that he was in church the other day and someone came in with a hat and sunglasses on their heads. He vehemently disapproved of it and wondered why the club was going to possibly allow hats to be worn in here. Hats originally were made to be used as protection for the head he thought and didn't see a reason for them inside. If the club was looking at it for reasons to appeal to younger people he thought we didn't need them. He also said if our membership cards showed how many members we had maybe we need to ask why they are not coming and to be sure it's not that they can't wear hats. We need our old members to come back, maybe ask why they aren't here. If it was a special occasion ie; V8 supercars which they hold down stairs there wouldn't be a problem as long as they stayed down there. Mike Hewer agreed and thought that as he noted a significant increase in numbers here today maybe we need to check again for numbers to see feel with way for the decision to be made by board. Kim Cotterill made the point that not everyone wears a hat for dress reasons as there are people amongst us that use them for personal reasons like after medical events and we should not point our fingers at them and treat them with a bit more respect as not always been the case in the past. Lynn Haille brought up the point that if it is valid for a man to wear a hat it must be valid for a lady maybe vice versa. She spoke of how her son had worn a hat and was rudely accosted at the door which was totally unacceptable. There was no need to be so rudely attacked in this way. Max Smith reiterated that he had brought a group of young people to the club and they all had been asked to remove them. He stated that for a lot of young people these days hats were part of their dress code and they actually spent a lot of money on them and maybe we need to encourage them to spend that money over the bar. He also said that it was a Board decision because there is no actual rules not a club decision, Scrutineers were asked to count show of hands for this discussion to proceed. It was asked if members agrees to the count. Moved Kim Cotterill /Mike Hewer

101 for, 69 against. Members were thanked and it now goes back to the board.

Graham Eastgate: Stated that wifi doesn't reach very far and maybe the club could look into purchasing a couple of expanders so the area could be extended. That they don't cost very much. If people wanted to get away from the noise inside or if a band is playing and they want to go outside to the quieter area they can't get wifi at present time. He was also lead to believe it wasn't available down in the darts area either. Fruity did say she was on to it and would try and get it sorted. Phil Meara also asked that if people had day to day matters such as this to come and talk to the board members as they are available for this.

Jason? 1555: observed that the number of members at the club showed big variations from when the draw was small to when it reached a sizeable amount and that maybe if the amount was raised from \$100 to even \$200 it might encourage people to come back in rather than waiting for it to become a high amount again. If we had more people coming in for the draw maybe wouldn't have to rely on money from raffles. He wondered that it must show on the till tapes the increase and decrease of sales on these days. John Nuttall replied that the snowball is a separate draw on the Mondays and Thursdays and that there is only one now.?It runs for 26 weeks and you run the risk if it gets to high as it has to stay below\$5000 or it becomes illegal. That on reflection from the door sweep that the amount there on Mondays and Thursday doesn't button off so it's a good indication of the amount of people still coming in regardless.

#### Closure

David Steele thanked those who stood for office, the Scrutineers, door keepers, Mic Marshalls, Board Members, Minute Secretary, Staff and all members who took part here today.

There being no further General Business, President David Steele declared meeting closed. He thanked everyone for especially coming and attending to make this meeting possible today and encouraged them to try again next year. He invited them to stay and enjoy the club's hospitality and encouraged them to use the club transport that was available.

## **Approval of General Purpose Financial Report**
